AGORA HAS STRONG UNDERLYING POTENTIAL FOR ALTERNATIVE USE (IN PARTICULARLY RESIDENTIAL AND PBSA), THUS APPEALING TO A DIVERSE RANGE OF OFFICE, RESIDENTIAL AND STUDENT INVESTORS / DEVELOPERS.

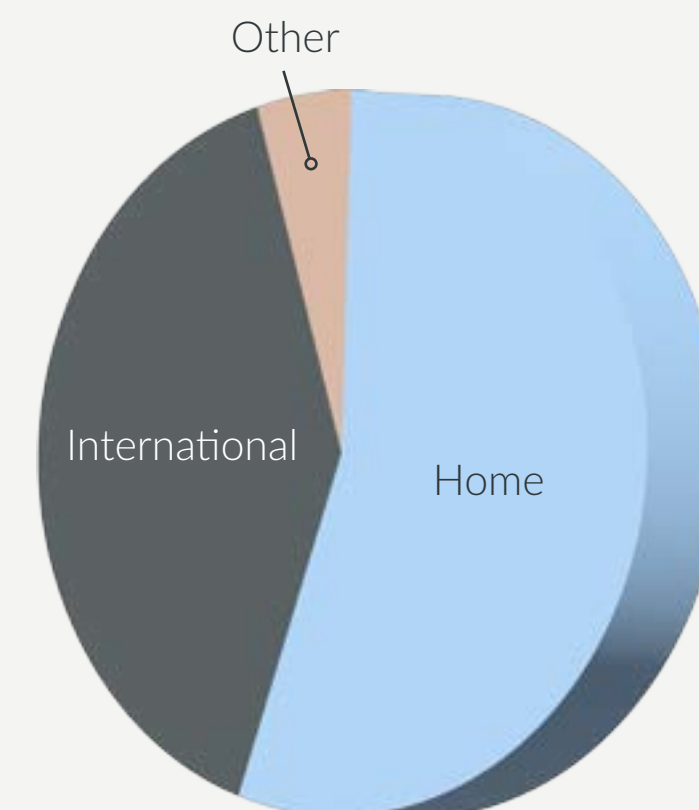

ALTERNATIVE USE POTENTIAL RESIDENTIAL OR PBSA

NOTTINGHAM IS HOME TO TWO HIGH PERFORMING UNIVERSITIES. THE UNIVERSITIES COMBINED ARE EXPECTED TO ENROL APPROXIMATELY 90,000 STUDENTS A YEAR IN 2024.

Year of Student choosing PBSA

Type of student choosing PBSA

The education sector is at the forefront of the city's economy and consequently PBSA is heavily in demand. Overall PBSA occupancy within Nottingham remains very strong and the return to pre-pandemic levels of student enrolment has boosted demand further.

There is evidence of a growing preference for PBSA over traditional on street housing which is seeing more non-first year students opting for PBSA which is a relatively new trend.

Nottingham requires new developments which cater to student preferences and focuses on affordability and quality. If this can be achieved then Nottingham will be able to continue supporting its growing student population. (reference: Nottingham Student Accommodation Update Report (2024).
