The Opportunity

Knight Frank are pleased to offer this exceptional development opportunity on the outskirts of the town of Dinnington.

This former Wood Storage Treatment Works site is located in an area of mixed commercial and residential use that lies adjacent to the green belt and overlooks Throapham Common, a 7.5 acre country park. The development site stretches to approximately 7 hectares (17.5 acres) and has been cleared of all structures and buildings by the current owners, leaving a relatively flat open space.

Location

Dinnington is a small rural town in South Yorkshire and is part of the Metropolitan Borough of Rotherham, equidistant from Sheffield, Rotherham and Worksop.

Since the early 1990s, when Dinnington’s main employment source closed (the colliery), significant redevelopment has taken place within the town, both commercial and residential, which has made significant strides in the recovery of the area. Dinnington has two primary schools, St Joseph’s Primary School and Dinnington Community Primary School and two further education establishments; Rotherham College of Arts and Technology and the sixth form at Dinnington High School.
Dinnington has two sports teams; Dinnington Town Football Club who play at the Phoenix Stadium, situated behind the town’s library and Dinnington Rugby Union Club.

The nearby town of Worksop offers a wider range of amenities and facilities including a railway station offering direct and indirect services to the larger towns and cities in the region such as Sheffield, Doncaster, Leeds to the west and north, and Nottingham to the south.

Sheffield city is approximately 30 minutes away and offers magnificent and vibrant entertainment and culture scenes, universities, sports clubs and stadiums, and history and attractions that bring people from far and wide to the city.

Dinnington is also within very easy commuting distance of Robin Hood Airport which is southwest of Doncaster. This airport offers flights to Central and Eastern Europe, the Mediterranean and Canary Islands and transatlantic flights to Canada and America.
