**Four newly developed four bedroom cottages
with private gardens and parking.**

Description

These four newly constructed cottages sit within an attractive courtyard arrangement which provides a sense of community, whilst offering homely and flexible accommodation. These traditional stone built properties have undergone construction, resulting in the creation of four truly unique four bedroom homes within a rural setting. Whilst recreating original character within the courtyard setting running alongside the Niddry Burn next to the development, all care has been taken to introduce contemporary features designed to provide the comforts of 21st century living.

The development comprises:

- Cottage One** – A spacious four bedroom detached house with two parking spaces and a private rear garden.
- Cottage Two** – A four bedroom semi-detached house with two parking spaces and a private rear garden.
- Cottage Three** – A four bedroom terraced house with two parking spaces and a private rear garden.
- Cottage Four** – A four bedroom semi-detached house with two parking spaces and a private front and rear garden.

This rural location, charming design, and the individual nature of each property, combine to make these properties very appealing. The provision of the private outdoor spaces, resident's private parking and the lovely courtyard setting, really make this quite a great opportunity on the edge of Edinburgh.
