HARLEYFORD MARINA

Schedule of Charges 2020–2021

HARLEYFORD MARINA

Harleyford Marina has to be the most beautiful marina to ever grace the banks of the River Thames. Situated within an hour of Central London, Harleyford is a peaceful and tranquil backwater on the Middle Thames.

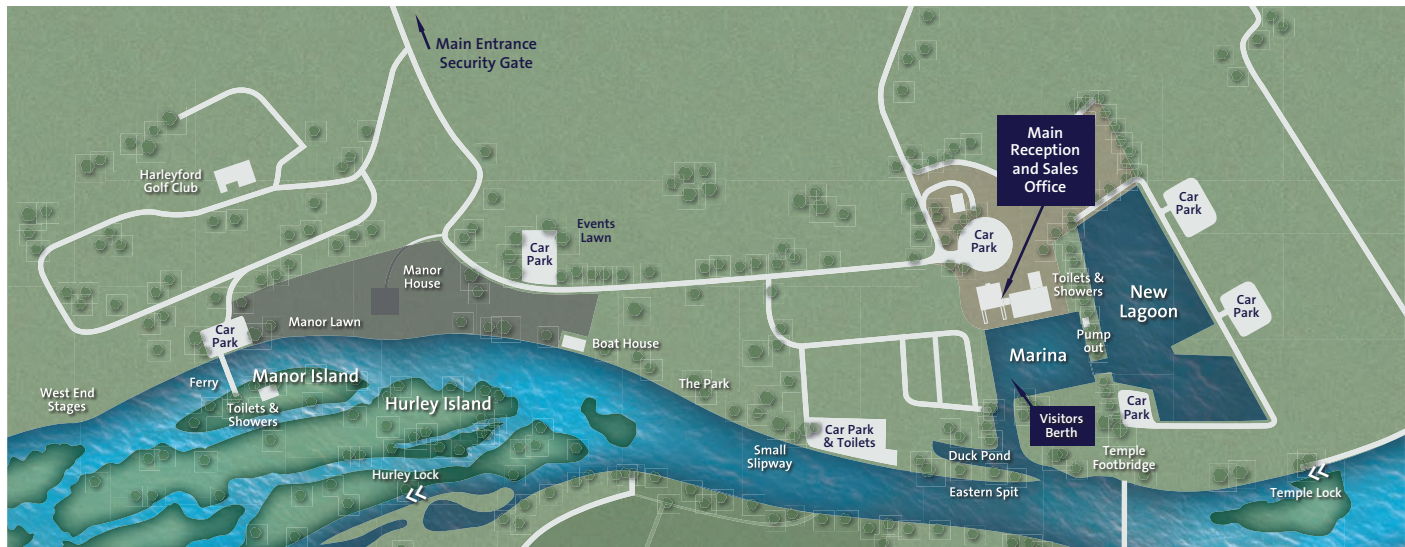

Overlooked by an elegant Georgian Manor House, the historic Harleyford Estate comprises many acres of enchanting parks and woodland.

Secure moorings are available, not only in a large marina basin but also along the sheltered riverbanks, inlets and around the charming islands of

the Hurley backwaters offering, quite possibly, the finest berths available on the Thames.

Further enhancing our award winning marina and new Lagoon, we have recently completed a refurbishment of the old marina basin. Now boasting a total of just under 400 berths, both marina floating berths and fixed bankside and island berths.

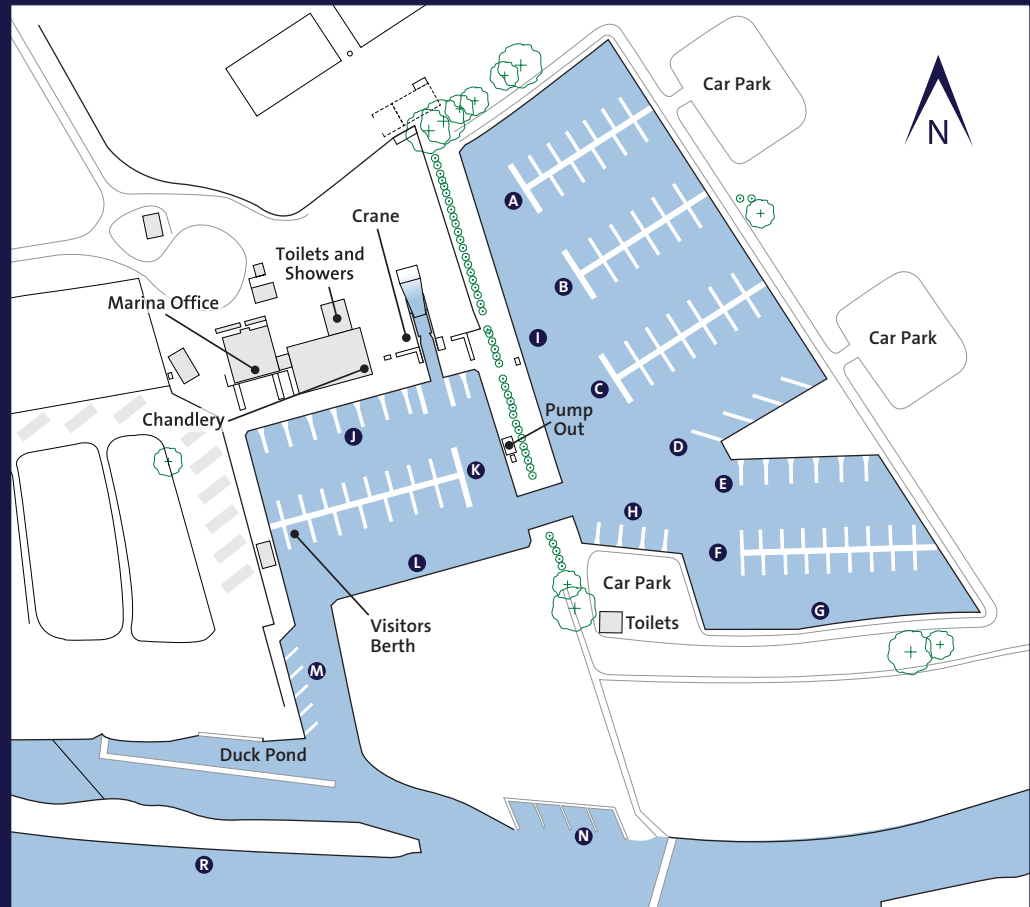

Visit this idyllic leisure environment away from all the cares of the world.

We utilise all the relevant lifting frames and slings to enable us to handle most types of vessels. We can either lift to hard standing for winter storage or for maintenance to be carried out, or on to transport.

We offer quality, professional services at competitive prices and have the facilities to provide the following, plus many more:

- Lift out onto hard standing
- Lift in from hard standing
- Lift onto/off transport and launch
- Pressure washing
- Covered workshop storage
- Re-antifoul fresh/salt water
- Short & medium term hard standing
- Trailer storage

Winter hard standing, workshop storage and barn storage packages are available with the benefit of discounts for berth holders.
