

HOLD TIGHT

HOLD TIGHT is work created by student Davide Provasi.

The project explores love, and everyone's right to express it, and was conceived in the midst of the lockdown, when we needed love the most.

ISLINGTON

At the other end of City Road, Islington's sleepy towpaths and chocolate box independents dotted all along Camden Passage feel incongruous to its Zone 1 location, gifting it an out-of-town charm unmatched anywhere else in the capital.

KNOW YOUR PATCH

At the HEART of the crossroads of FIVE DYNAMIC DISTRICTS

OLD STREET

London's undisputed tech hub vibrating with the fission of new ideas and creative energy. A place of hidden street food markets elbow-to-elbow with beautiful old warehouse buildings now the scene of burgeoning tech talent and entrepreneurial zeal.

SHOREDITCH

This is London's playground, where it finds new entertainment, shops for boutique fashion and blurs the lines of work and play. An unpasteurised place shunning the irksome weight of uniformity in order to adopt true individuality.

CLERKENWELL

Idling westward sees bustling thoroughfares give way to quieter, more understated streets – the domain of this quaint quarter's interior design gurus, great artistic minds and beguiling, village-like character.

THE CITY

The dusty coat of pin stripes and sober City sophistication was shed long ago, wearing instead a new cultural fabric of reinvigorating health spas, protein shake-touting cycle bars and slick new members' clubs free from the staleness of their stuffer cousins.
