**OCCUPIER HEADLINES**

- Despite wider political uncertainty, take-up in Q2 registered a healthy 177,633 sq ft. Take-up for the year-to-date rose to 235,774 sq ft as a result. This is 12% less than recorded at the same time last year.
- Take-up was dominated by serviced office operators, with four acquisitions in total, three of which were the largest deals of the quarter. Clockwise Serviced Offices and Spaces took 30,611 sq ft and 26,500 sq ft at The Generator Building and the Programme, respectively.
- Consequently the B2B sector accounted for 48% of take-up, with the TMT sector most active with 12 deals completed. Demand for ‘quirky’ space continues unabated with Channel 4 and Historic England joining Outlaw in securing space at the Fermentation Buildings, prior to practical completion.
- New grade A supply remains restricted with just 15,600 sq ft at Aurora. Both The Distillery and Assembly are currently under construction and due to complete in 2020.

**INVESTMENT HEADLINES**

- Although investor interest remains high, transactional activity has been limited in 2019. Investment volumes in Q2 were £9.30m meaning the total for the H1 period increased to £29m.
- Whilst investment volumes for H1 2019 were low, we expect Q3 to be a far stronger quarter with over £110m of deals completing by the end of September.
- The sale of St James Court for £9.3m to Scotsgrove, a UK private investment company was the only transaction of Q2. The building includes a number of different tenants including BNP Panalas Leasing Solutions and business recovery firm Begbies Traynor.
- Domestic investment continues to dominate Bristol’s office market accounting for 79% of investment volumes in the last 12 months.
