The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a “Global Pandemic” on 11 March 2020, has continued to impact many aspects of daily life and the global economy – with some real estate markets having experienced lower levels of transactional activity and liquidity. The pandemic and the measures taken to tackle COVID-19 continue to affect the levels of transactional activity and liquidity. The pandemic and the measures taken to tackle COVID-19 continue to affect the levels of transactional activity and liquidity.
