

Knighthoods is Knight Frank New Zealand's National Recognition & Reward Program. The Program is an initiative for all staff that recognises outstanding performance, and behaviours that align with the values that make Knight Frank a successful business and a great place to work.

What is Knighthoods?

The Knighthoods program is about acknowledging those exceptional and yet sometimes unnoticed, day to day actions and contributions of all our colleagues. Throughout the month we encourage you to nominate staff that go beyond the call of duty and excel in leadership, client service, productivity and innovation.

How does the Knighthoods program benefit your staff?

Our Knighthoods program is different because nominations are driven by peers nominating peers, rather than being management led. It creates positive interaction within the teams and gives our employees the opportunity to recognise each other for exceptional work.

What is particularly special about Knighthoods is our staff members earn reward points (called 'Franks'), which are redeemed to buy items that interest and excite them.

All our staff are involved in the program by nominating colleagues, and of course accruing Franks for exceptional performance and demonstration of our Knight Frank values.
