

Business Rates Services

Our solutions, your savings

What are business rates?

Business rates are a tax on the right to occupy commercial property and typically equate to approximately 50% of annual rent. As such, they represent one of the largest overheads for businesses and substantially impact on the profitability of many organisations.

HOW ARE BUSINESS RATES CALCULATED?

Business rates are calculated by multiplying the 'rateable value' of a property by the uniform business rate (UBR). The 'rateable value' is the Valuation Office's estimate of a property's market rent at a set valuation date. We are currently in the 2023 rating list with rateable values being based on a valuation date of 1st April 2021.

OUR ROLE

Since business rates are based on the Valuation Office's estimate of the annual rental of a property, the calculation is open to challenge.

The Knight Frank Business Rates team consists of both chartered surveyors, rate payment and audit specialists, drawing on over 50 years of experience in managing the complexities of the rating system.

Our role is to actively seek to reduce your rate liabilities, ultimately placing your company in a better financial position.

Our services

In simple terms, we use our experience and knowledge of the rating system to mitigate your rate liabilities.

How we can help

CHALLENGE AND APPEAL

Our rating experts can advise if there are grounds to challenge your rateable value and guide you through the complex appeal procedures. In order to initiate this process, ratepayers need to register on the Government Gateway website.

BUSINESS RATE AND COUNCIL TAX MANAGEMENT AND AUDIT

We provide a full management and treasury service for Business Rates and Council Tax including Build to Rent (BTR). Our service can be tailored to portfolios of any size with necessary advice provided to manage and mitigate any liability including any supporting financial data and reporting. Our audit service is able to look at all current and historic liabilities to ensure that the correct amount of tax has been charged and paid, this enables us to claim any over-payments going back to the early 1990s.

EMPTY RATES MITIGATION

In the event you are vacating a property or taking a phased occupation, we can help to ensure you benefit from the maximum amount of relief. In some instances, we can mitigate your liability by securing successive periods of relief.

DISTURBANCE REFUNDS

If your business is being affected by a nearby development, we can help you apply for rates relief and lodge appeals citing a material change in circumstance. The reduction will be applied for the period of the disturbance.

Testimonials

“

I have worked with Emma Foster of Knight Frank for Business Rates advice for many years and there is no doubt that Emma is an expert in this field. Emma’s proactive, client-focused advice has enabled us to understand our business rates liabilities. Emma has successfully appealed ratable values and applied for reliefs on our behalf which has generated considerable savings. I have no hesitation in recommending Knight Frank’s team.
