Business Rates

Our Solutions, Your Savings
What are Business Rates?

Business rates are a tax on the right to occupy commercial property and typically equate to approximately 50% of annual rent. As such, they represent one of the largest overheads for businesses and substantially impact on the profitability of many organisations.

How are Business Rates calculated?

Business rates are calculated by multiplying the ‘rateable value’ of a property by the uniform business rate (UBR). The ‘rateable value’ is the Valuation Office’s estimate of a property’s market rent at a set valuation date. We are currently in the 2017 Rating List with rateable values being based on a valuation date of 1st April 2015.

What we do

In simple terms, we use our experience and knowledge of the rating system to mitigate your rate liabilities. The areas of work are identified as follows:

- **Challenge and appeal**
  - Our rating experts can advise if there are grounds to challenge your rateable value and guide you through the complex appeal procedures introduced for the 2017 rating list. In order to initiate this process, ratepayers need to register on the government Gateway website.

- **Disturbance refunds**
  - If your business is being affected by a nearby development, we can help you apply for rates relief and lodge appeals citing a material change in circumstance. The reduction will be applied for the period of the disturbance.

- **Empty rates mitigation**
  - In the event you are vacating a property or taking a phased occupation, we can help to ensure you benefit from the maximum amount of relief. In some instances, we can mitigate your liability by securing successive periods of relief.

- **Rates payment and management**
  - We provide a full service for the payment and management of your rates for large or small portfolios together with all the necessary rating advice and supporting financial data and reporting.

- **Rate audit**
  - We can review all the historic payments back to 1990 to check your rate demands have been correctly calculated and claim any overpaid refunds.

- **Rates calculator**
  - See our unique online Rates calculator to provide you with an estimate of your current and future rates payable.

- **London heat map**
  - See our heat map which gives an overview of the rates payable in the central London office submarkets.

How we can help

Since Business rates are based on the Valuation Office’s estimate of the annual rental of a property, the calculation is open to challenge. The Knight Frank Business Rates team consists of both chartered surveyors, rate payment and audit specialists, drawing on over 50 years of experience in managing the complexities of the rating system. Our role is to actively seek to reduce your rate liabilities, ultimately placing your company in a better financial position.
01
Client: Investec
Location: Gresham Street, City of London
Service: Full Business Rates Service
Result: 2010 rating list successfully negotiated. Total savings secured: £1.2 million

Testimonials

“We have retained Knight Frank as our business rates advisor for many years, and have always found them to be professional, proactive and efficient. They have a thorough and detailed knowledge of our estate, and always have the answer to hand if I ask about a particular property. I have full confidence that our rates liability is managed as efficiently as possible.”

Michael Jenkins, Finance Director
Quintain

“We have been using Knight Frank’s rating team since October 2013. We have found the team responsive and they are very much on top of dealing with any mitigation required and at the same time working through our portfolio to ensure any bills received are correct.”

Richard Starr, Executive Director, Head of Property
Palace Capital

“We have used Knight Frank’s rating service over the last 10 years and we have always been impressed at their professionalism and the level of savings they have secured. We have no hesitation in recommending them.”

Tony Grimes, Head of Facilities
Investec

“For Henderson Global Investors, active management of Business Rates is one of the key components in controlling our accommodation cost base. We use Knight Frank, and have for many years, because of the results they achieve on our behalf. They are proactive, innovative and consistent, and we believe, the number one firm for Business Rates.”

Fred Kinahan, Head of Facilities Management
Henderson Global Investors
